Criteria for the GCLS Trailblazer Award

This award is for lifetime achievement and is presented each year to a single author in recognition of contributions made to the field of lesbian literature. To be eligible, the author must meet following criteria:

1. The author must have been publishing over a period of at least 10 years;
2. published a *significant* body of work; and
3. written lesbian-themed works that have positively impacted the growth and visibility of the field of Lesbian Literature.

Nominations for the Trailblazer Award are eagerly solicited from any member. This award is chosen by the Executive Director in concert with the GCLS Board of Directors.

Information that nominators give about themselves will be kept private. Please complete all sections as incomplete forms cannot be processed. We must have author information in the event that the author is selected as a finalist. Publisher information is not enough to ensure that we can process the nomination.
